	Finger Lakes PRISM 2020						
	Objectives and Strategies	Supporting Actions	Lead	Status Update	Estimated Date of		
GOAL #1 Preve	ntion						
Objective 1.1	Ensure communities can access information about new IS, high priori			e action tha	at helps		
Objective 1.2	Share resources and information regarding prevention management and control methods for priority species						
	Identify and map high priority areas and target outreach for at least		AIS, TIS				
	one IS Prevention Zone per year.						
	Provide direct outreach and education about new IS to communities		All PRISM staff				
	and develop planning tools for municipal use.						
	Provide 3 outreach programs per year to boaters/anglers, hikers, and		All PRISM staff				
	other human-induced pathways of introduction.						
	Provide 3 training workshops per year for new IS identification and		All PRISM staff				
	prevention.						
	Maintain existing volunteer monitoring programs and develop 2 new		AIS, TIS				
	volunteer programs each year that effectively share surveillance and						
	early detection ED data.						
	Serve as a source for current, accurate information about the		All PRISM staff				
	prevention of IS with the potential for great economic, health, and						
	ecosystem harm.						
	Maintain platform for sharing surveillance and ED data.		iMapInvasives				
	Maintain easy to use ID tool for public use.		All PRISM staff				
GOAL #2 Early	Detection/Rapid Response						
Objective 2.1	Maintain and use an effective ED (early detection) and RR (rapid resp	onse) process.					
Objective 2.2	Continuously monitor priority areas for highly invasive IS near the region and species considered early detection.						
Objective 2.3	Ensure communities can access information about priority ED species, the likelihood of invasion, and the pathways of transmission.						
			All PRISM staff,				
	Maintain protocol for ID, reporting, and confirming new IS.		Coordinator				
	Maintain current distribution of known priority IS and update survey		ImapInvasives,				
	needs annually.		AIS, TIS				
	Maintain existing volunteer monitors for priority species and add 10		AIS, TIS				
	volunteers (focus on students and interns) each year.						

	Objectives and Strategies S	upporting Actions	Lead	Status Update	Estimated Date of		
			All PRISM staff,				
			Coordinator				
	Provide 3 training workshops per year for ED species and RR.						
	Designate ED/RR teams for 10 key priority areas.		AIS, TIS				
			PRISM				
	Update plans, methods, and costs for ED/RR efforts.		Coordinator				
	Utilize communication networks to advertise new infestations of ED		All PRISM staff				
	species.						
GOAL #3 Partn	erships, Education, Information						
Objective 3.1	Ensure partners are active and represent all key stakeholders in the reg	gion.	•				
Objective 3.2	Ensure the public is aware of Finger Lakes PRISM and is educated on ho	ow to prevent IS introduction an	d spread.				
Objective 3.3	Work with partners to share information, data, materials, and combine strengths to manage IS effectively.						
	Maintain existing partners; recruit 3 new active partners annually.	PRISM					
			Coordinator				
	Maintain brand, website, listserve, social media as central sources of		All PRISM Staff				
	information, tools, network, and to recognize partners.						
	Conduct one annual partnership workshop to ensure consistency in		All PRISM Staff				
	knowledge, develop online reporting form, leverage resources.						
	Annually attend 20 partner meetings or events.		All PRISM staff				
	Ensure press coverage of at least 20 IS issues or events each year.		All PRISM staff				
	Utilize and promote existing, related public education campaigns, identif	fying and utilizing 2 new related	All PRISM Staff				
	Maintain existing educational efforts; identify and fill gaps by creating		All PRISM Staff				
	one new tool each year (e.g., Zoom Webinar Series). Add measures to						
	all programs/tools to evaluate effectiveness.						
	Work with academia to annually attend 10 significant community		All PRISM Staff				
	events (100+ people) to promote awareness of Finger Lakes PRISM						
	and IS in the general public.						
	Support research through citizen science, maintain scientific database		All PRISM staff				
	and protocol for prioritizing species and locations.						
GOAL #4 Contr	ol and Restoration						
Objective 4.1	Direct control measures to stop IS from spreading along predictable pa	thways to priority areas.					
Objective 4.2	Identify isolated outbreaks of priority IS and ED species and eradicate or restrict from spreading.						
Objective 4.3	Partner to research, develop, and implement new/improved control						

Finger Lakes PRISM 2020_2021 Annual Work Plan

	Objectives and Strategies	Supporting Actions	Lead	Status Update	Estimated Date of
	Develop annual reports and work plans to guide control and		PRISM		
	restoration efforts and to identify priority areas/projects including		Coordinator		
	likely pathways of transmission.				
	Identify site/species specific best management practices (BMPs) and		AIS, TIS		
	develop management plans.				
	Utilize control and restoration BMPs proven effective; evaluate new		AIS, TIS		
	or unevaluated measures and techniques.				
	Work with active partners to develop/improve control measures and		AIS, TIS		
	restoration techniques; evaluate.				
	Maintain/update tools and resources available to partners and public		AIS, TIS		
	to guide and facilitate IS control and restoration.				
	Prioritize resources and subcontracts to high impact and		PRISM		
	demonstration projects including isolated outbreaks. (DEFINE)		Coordinator		
	Coordinate control efforts with active partners.		AIS, TIS, PRISM		
GOAL #5 Fundi	ing and Support				
GOAL #5 Fundi Objective 5.1	ing and Support Maintain and grow diverse funding streams to support all Finger Lake	es PRISM priorities.			
		-	at local, state, and fed	eral levels.	
Objective 5.1	Maintain and grow diverse funding streams to support all Finger Lake	s and governmental entities	at local, state, and fed All PRISM staff	eral levels.	
Objective 5.1	Maintain and grow diverse funding streams to support all Finger LakeMaintain, develop, and strengthen relationships with elected officialCommunicate regularly and facilitate partner communication with	s and governmental entities		eral levels.
